Clean Energy & Sustainable Development Industry Business Networking Series

Date: **Wed, 20 May 2009** Time: **5pm – 7.30pm**

Venue: **SBF Seminar Room 2 (21st level, Keppel Towers)**

* Fee per pax (incl GST): **S\$42** (Members of SBF & Supporting Partners) **S\$63** (Non Member)

Program Outline - The Clean Energy and Sustainable Development Industry worldwide is experiencing robust global growth due to rising energy demand, climate change concerns and technological advances. This industry networking session by SBF Clean Energy Business Group (CEBG) is organized on a bi-monthly basis to help build up the community of companies and professionals from the industry. Each session features a short keynote by a leading speaker around a different theme related to the clean energy and sustainable development industry. Participants can expect easy interaction, networking, learning and experience sharing as well as business matching opportunities in an informal ambience.

Clean Energy and Sustainable Development Ecosystem - The clean energy and sustainable development industry is cross sectoral and spans various industry verticals and functional areas - chemical, energy and utilities, environmental management and waste recycling, renewable energy, energy efficiency (across manufacturing, transport/logistics, building & real estate), green IT/computing as well as clean energy VCs and financing, project management and consultancy, government agencies, academic and research institutes, energy audit professionals, etc.

Target Audience – SBF, SEAS, SHA, SLA, SMA and Singapore Compact members, as well as business and industry professionals in clean energy and sustainable development industry.

About the Speaker

Sharad leads the Infrastructure & Project Finance practice of KPMG Corporate Finance based in Singapore and has over 12 years of experience in infrastructure sectors including power and oil & gas with focus on Project Finance. His advisory experience includes bid advisory, business planning, financial modeling, contract structuring, regulatory advisory, risk mitigation, project appraisal and fund syndication.

Sharad has been advising various government and private sector clients in the region. He was previous with Enron and worked on power and LNG projects in South Asia. He has worked on power projects in Singapore, Vietnam, Saudi Arabia and South Africa. He has also advised clients on gas regulations and transportation issues in the SE Asian market. Sharad's main thrust has been on **privatization advisory, PPP structuring, transaction process management, contract structuring and arranging financing** for power, oil & gas and water projects in the region.

Sharad focuses on **Sustainability Advisory and Clean Development Mechanism** for companies in and around the region.
