

## BUSINESS MISSION TO TIANJIN ECO-CITY AND CHINA INTERNATIONAL NEW ENERGY EXPO 2009 14 – 19 September 2009

The Singapore Business Federation (SBF), supported by IE Singapore, SingCham and Sustainable Energy Association of Singapore (SEAS), is organizing a Business Mission to Beijing, Tianjin, Baoding and Wuxi from 14 – 19 September 2009, which will coincide with the **first anniversary of Sino-Singapore Tianjin Eco-city as well as the China International New Energy Expo 2009**.

The main purpose of the mission is to allow Singapore companies to explore clean, efficient and green opportunities in China, especially in the Sino-Singapore Tianjin Eco-city, in Baoding and Wuxi, and through participation in the China International New Energy Expo. Briefings by local government officials, business networking and matching sessions, site visits to local companies and other business programmes will be specially arranged for you.

### Clean, Efficient And Green Opportunities In China

China is ranked in the world's top 3 in terms of solar energy, wind energy, hydropower and CDM projects. With Chinese government actively looking at opportunities in the clean and green sector, there are abundant business and investment opportunities in this sector.

### About Sino-Singapore Tianjin Eco-City (SSTEC)

The Tianjin Eco-City is a landmark bilateral project between China and Singapore governments with private-sector investment and development. Located in the Tianjin Binhai New Area (40 km from Tianjin city centre), the 30km<sup>2</sup> Tianjin Eco-City is developed by Sino-Singapore Tianjin Eco-City (SSTEC), that is jointly led by Tianjin TEDA Investment Holding of China and Keppel Group of Singapore.

### About China International New Energy Expo 2009 and Wuxi (<http://www.cineexpo.cn/event/2009wxtyn-en/index.html>)

As the National New Energy Innovation Base, Wuxi has formed a complete photovoltaic, wind power industrial chain. The China (Wuxi) International New Energy Expo 2009 is co-organized by China Chamber of International Commerce, Department of Foreign Trade and Economic Cooperation, Jiangsu Province and Wuxi Municipal People's Government to take advantage of the strategic opportunities of global new energy industry development, and promote exchange and cooperation among new energy enterprises home and abroad.

### About Baoding, China's Electricity Valley

Baoding, located near Beijing and Tianjin in Hebei province, is part of the booming Bohai Economic Rim with major industry clusters based on photovoltaic, wind power, power transmission & transformation manufacturers, energy saving manufacturers, etc.
