Dear Mr. Teng, *Dear friend,*

It gives me great pleasure to inform you that in my opinion the "Turkey-A Gateway to New Horizons" Seminar along with the business matching session, held at SBF Building on April 30, 2009, has been a very successful event. Not only the impeccable organization but also the substantial contributions provided by your leadership created a very informal and friendly setting where everybody was encouraged to interact with each other.

I am sure that has given an ample opportunity for our business people to have a better view of each other on the eve of a high level visit to my country. Without SBF's contribution and especially your personal dedication, we would not have had such a successful event.

I would like therefore to thank you and other members of SBF for your invaluable partnership.

Sincerely yours,

A. Bülent MERİÇ
